DETAILED ACTION

Allowable Subject Matter

1. **Claims 5-6** are allowed.

2. The following is an examiner's statement of reasons for allowance:

Notice the following limitations in independent claim 5:

“third and fourth filters carried on said flat lower surface of said optical block, said filters adapted to separately filter said wavelengths λ_1 and λ_2 ,

first and second beam splitters carried by said third and fourth filters, respectively, and

first and second transmitting lasers, said first transmitting laser having an output wavelength λ_1 and second transmitting laser having an output wavelength λ_2 , wherein each of said first and second lasers is optically aligned with one of said first and second beam splitters, and one of said third and fourth filters, respectively,

wherein whenever said first transmitting laser is operating at first wavelength λ_1 , said second transmitting laser is turned off, and said second photodetector is receiving said second channel of wavelength λ_2 and said first photodetector is turned off, and

wherein whenever said second transmitting laser is operating at said second wavelength λ_2 said first transmitting laser is turned off, and said first photodetector is receiving said first channel of wavelength λ_1 and said second photodetector is turned off”.

Examiner's search did not discover this particular arrangement and use of filters, splitters, and lasers in combination with the rest of the limitations in claim 5. Moreover, Examiner's search did not discover prior art teachings that one could combine to meet all the limitations of claim 5. In particular, the arrangement and use of the beam splitters to provide the redundancy functionality in the apparatus environment of claim 5 is novel and non-obvious over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
